

1. GET READY

Open this PDF on your **iPad** or **Android tablet**.

On **iPad**, open the **App Store**, search for **Our Story 2**, and click **Get** to download.

On **Android**, click below to download the **Our Story 2** app.

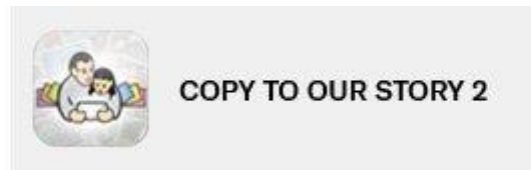

2. GET SET

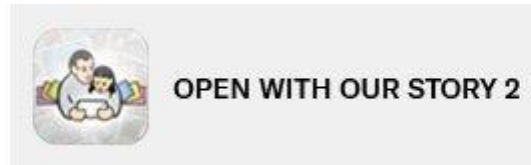

Click on one of the 24 vegetables below to **download a See & Eat e-book**.

On **iPad**, if prompted, select **Open in Our Story 2** or **Copy to Our Story 2**

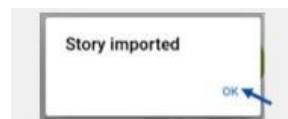

On **Android**, open the downloaded file. If prompted, click **Open file** or Open with **Our Story 2**.

Note: The app may ask for permission to access the camera and photo library on your device. Please allow access if prompted. Rest assured that the app will not send information to other people unless you explicitly choose to do so.

3.AND GO

Start Reading! *Our Story 2* launches automatically and imports the story. Click on **OK**.

Click on the **purple play button** to start reading your See & Eat book!

Find out how you can personalise your e-book in the next page!

HOW TO MAKE IT YOUR STORY

Our Story 2 allows you to edit and personalise the e-book with your child. When you are ready to edit your e-book, click on the **edit** button. To find out how you can add your own words, photos, videos, and sound recordings to your See & Eat e-book, see the guide below.

Tips on personalising your book:

- Make stories about the vegetable (as silly or factual as you like)
- Take photos of your child with the vegetable
- Take photos of your child's drawings of the vegetable
- Take videos of you cooking with the vegetable
- Record your child telling you about the vegetable
- Get your child to take photos
